super carbide tools

SUPER CARBIDE
SUMMER SAVINGS

MICRO 100 has been supplying the industry with high quality, high performance super carbide tooling from our WORLD CLASS FACILITY for almost 50 years!

BORING TOOLS | THREADING TOOLS | GROOVING TOOLS | PROFILING TOOLS | SPADE DRILLS | COUNTERSINK TOOLS

2 & 3 FLUTE, CENTER CUTTING, 45° HELIX, END MILLS

Entire product family included

- “Stealth” cutter-profile. These high performance end mills features a 45° helix and are engineered for high speed cutting in aluminum, non-ferrous materials and soft materials.
- The special flute geometry provides an extremely smooth and silent cutting action for an exceptional surface finish.

Metric sizes also available!

for ZN add “S” to end of part no.

5 FLUTE, CENTER CUTTING, 45° HELIX, END MILLS WITH CORNER RADIUS

Entire product family included

- These 5 flute high tech end mills feature a 45° helix for roughing, finishing, and slotting in medium to hard steels, stainless steels, and high temperature alloys.
- High metal removal rates as well as excellent finishes are achieved with these 5 flute end mills.
- 45° helix diminishes chatter in corner milling applications.
- Engineered with various corner radii per cutting diameter. These end mills are ideally suited for heavier cuts in medium and hard materials.

Metric sizes also available!

for ALTIM add “X” to end of part no.

2, 3, & 4 FLUTE, CENTER CUTTING, 30° HELIX, GENERAL APPLICATION END MILLS

Entire product family included

- These universal application type end mills feature a slightly increased flute and overall length for greater versatility
- The conventional tool geometry supports applications in a wide scope of different materials, ranging from soft to hard.

Metric sizes also available!

- for ALTIN add "X" to end of part no.
